

You Gotta Keep (Your Wits About You)

(By Stuart Murray and Craig Cassils)

**You gotta keep
You gotta keep
You gotta keep your wits about you.**

**You gotta keep
You gotta keep
Keep your wits for your own.**

Walk away..... (from that place)
Ignore.... (the words, the smirk, the face)
Talk it out.... (no need to be quiet)
Seek out help.... (just do it, just try it)

**You gotta keep
You gotta keep
You gotta keep your wits about you.**

**You gotta keep
You gotta keep
Keep your wits for your own.**

When its clear the bully's near
And moving in to hurt you
You gotta stay strong don't play along
Just do watcha do, whatcha do

**You gotta keep
You gotta keep
You gotta keep your wits about you.**

**You gotta keep
You gotta keep
Keep your wits for your own.**

Walk away..... (from that place)
Ignore..... (the words, the smirk, the face)
Talk it out..... (no need to be quiet)
Seek out help..... (just do it, just try it)

**You gotta keep
You gotta keep
You gotta keep your wits about you.**

**You gotta keep
You gotta keep
Keep your wits for your own.**
